Objectives

The primary source of competition law in Hong Kong is the *Competition Ordinance* (Cap 619) and its related subsidiary legislation. The *Competition Ordinance* was passed by the Legislative Council in June 2012 and had been in full operation since 14 December 2015. The *Competition Ordinance* applies to businesses in all sectors of the economy, including construction industry clients, consultants, contractors and subcontractors.

The *Competition Ordinance* aims to uphold the competitiveness of businesses. Two “conduct rules” prohibit any person or company from behaving in a way that prevents, restricts or distorts competition in Hong Kong. Almost a year since the full enactment of the *Competition Ordinance*, the CIC is organising this seminar to update industry stakeholders on the latest development in these areas:

1. Competition Ordinance updates
2. Conduct Rules of the Competition Ordinance
3. Competitiveness of the bidding process
4. Competition compliance policies
