The performance of the Training Body is assessed annually, and the assessment period starts from January 1 to December 31 of each year.

### 6.15.1 Performance Indicator

Retention Rate is 75% and Passing Rate is 75%.

#### Assessment Guidelines

<b>Item</b>		<b>Performance Indicator</b>
1.	Appreciation of outstanding achievements	≥75% (the top)
2.	Performance satisfactory	≥75%
3.	Letter to remind the Training Bodies to pay attention to their unsatisfactory performance	≥50% and <75%
4.	Letter to strongly remind the Training Bodies for their poor performance and meeting with the Training Bodies for improvement measures	≥40% and <50%
5.	Suspension of processing new applications for 6-month cooling-off period	<40%

6.15.2 During 6-month cooling-off period, CIC/HKIC takes the initiative to meet the Training Body to review the Training Body's current training plan and support for improvement measure(s) in the first 3 months (probation period). At the end of the probation period, CIC/HKIC reviews and assesses the measure(s) implemented. If the Training Body's application had been approved before, CIC/HKIC would have taken the initiative to meet the Training Body to discuss and implement the Training Body's improvement measure(s) before allowing trainee joins the scheme. CIC/HKIC would summarize and record the relevant information in the Checklist for follow-up action on cooling-off period (for details, please refer to Annex 14). For flow chart for follow-up action on cooling-off period, please refer to Annex 15.

6.16 Relevant training figures could be drawn from approved trainer list. The overall passing rate of all trainees that is directly trained by the Training Bodies trainer in the past year is calculated and that must not be less than 75%. When a new application is received, the CIC/HKIC will refer to the Training Bodies trainer's performance in the past year as consideration for approving the application. In addition, each Training Bodies trainer must participate in the Trainer Exchange Session organized by the Hong Kong Construction Industry Trade Testing Centre to understand the key points of the relevant work trades.

- 6.17 If the Training Bodies trainer fails to meet the overall passing rate which is 75%, the CIC/HKIC shall arrange a meeting (through face to face or telephone) with the Training Bodies and the Training Bodies trainer to discuss the improvement plan. If the situation continues for two years, the Training Bodies trainer will not be approved for a new application for one year and require attending the site trainer revalidation course. The outstanding Training Bodies trainer will present awards at the annual Employers Appreciation Ceremony to praise their outstanding performance.
- 6.18 The Training Bodies are required to verify the proof of employment of relevant trade submitted by trainees three months after passing the test; and forward to the CIC/HKIC for approval. If a trainee fails to provide proof of employment in relevant trade three months after passing the test but can provide within one year, the second phase of incentive bonus will be still issued. The CIC/HKIC will randomly check the trainees' proof of employment, so the Training Bodies must keep relevant record of trainees for no less than seven years.
