# ABOUT THE CONFERENCE

## I. KEY OBJECTIVES

The one-day event is aimed at looking into the manpower trends and issues facing the local construction industry. Local and overseas professionals will be invited to share their views in achieving manpower sustainability. Another major focus of the conference is the development of the CIC's ZCB, the first zero carbon building in Hong Kong. Experts from abroad will also speak about their experience in the construction and maintenance of their zero carbon projects.

## II. AREAS OF SPECIAL INTEREST

Prominent speakers from around the world are invited to share their experience and updated knowledge in the realms of the construction industry. Two main themes include:

- Manpower Sustainability; and
- Zero Carbon Building

## III. WHO SHOULD ATTEND\*

- Employers
- Contractors
- Architects
- Academia
- Environmental Practitioners
- Engineers
- Legal Practitioners
- University Students
- Consultants
- Surveyors
- Government Officials

\* It is suggested that participation in the Conference counts for 7 CPD hours.

## IV. ABOUT THE ORGANISER

### Construction Industry Council

Construction Industry Council (CIC) was formed on 1 February 2007. CIC consists of a chairman and 24 members representing various sectors of the industry including employers, professionals, academics, contractors, workers, independent persons and Government officials.

The main functions of CIC are to forge consensus on long-term strategic issues, convey the industry's needs and aspirations to Government, as well as provide a communication channel for Government to solicit advice on all construction-related matters. In order to propagate improvements across the entire industry, CIC is empowered to formulate codes of conduct, administer registration and rating schemes, steer forward research and manpower development, facilitate adoption of construction standards, promote good practices and compile performance indicators. CIC is the sole financial backer of the Hong Kong Green Building Council.

To learn more about CIC, please visit <<http://www.hkcic.org>>.

## V. ABOUT THE CO-ORGANISER

### Development Bureau

The Development Bureau oversees planning, land use, buildings, urban renewal, public works and heritage conservation. It is the objective of the Bureau to strike a balance between development and heritage conservation. The Development Bureau strives to adopt a pragmatic approach in this aspect and a partnership with the community in achieving its goals.

To learn more about the Development Bureau, please visit <<http://www.devb.gov.hk>>.
