

FOR IMMEDIATE RELEASE

**The 13th Scholarship for Family Members of
Registered Construction Workers by the CIC
Awarded 44 Outstanding Students**

Hong Kong • 9 November 2023 - The Construction Industry Council (CIC) organised an Award Ceremony of the 13th Scholarship for Family Members of Registered Construction Workers (Scholarship) on 4 November 2023. The Scholarship received support from 15 developers, Registered Specialist Trade Contractors, Registered Subcontractors, construction companies, and public organisations. A record high of total 44 awards with over HK\$380,000 scholarships were awarded to family members of construction workers who achieved outstanding results in the 2023 Hong Kong Diploma of Secondary Education Examination.

Ir Thomas HO, Chairman of the CIC, in his sharing with awarded students emphasised the construction industry's proactive stance in embracing technological advancements, harnessing a multitude of innovative technologies to amplify efficiency, optimise the utilisation of resources, enhance workplace safety, and elevate productivity and quality. This includes actively promoting the application of construction robotics, which combined technology with artificial intelligence, to be utilised in various stages of construction, ushering in a fresh direction for construction practices. Furthermore, Ir HO mentioned a recent visit with the CIC delegation to the "Better House Well Tech Living Lab" in Beijing. They gained insights into how technology could be harnessed to meet diverse housing needs and enhance housing quality, which satisfy residents' needs. Ir HO extended his encouragement to the accomplished students, inspiring them to venture into the Greater Bay Area for immersive exchanges. By understanding the latest developments and embracing Hong Kong's new direction, they can pave the way towards fulfilling their own dreams.

Ir Simon LIU, Chairperson of the Construction Workers Registration Board congratulated the awarded students in his speech, as well as encouraged students to discover their passion to unveil success. With unwavering determination, he emphasised that every obstacle can be triumphed over. Ir LIU eagerly awaited the moment when the awarded students would employ their acquired professional knowledge and experiences after graduation, envisioning them as the dynamic driving forces behind Hong Kong's diverse industries.

The CIC established the Scholarship in 2011, comprising of "Open Category" and "Construction Related Curricula Category". This initiative aims to commend the immediate family members of registered construction workers for their outstanding academic performance and to recognise construction workers who have contributed to the development of a sustainable Hong Kong while nurturing the next generation of talent.

About the Construction Industry Council

The Construction Industry Council (CIC) was formed in 2007 under the Construction Industry Council Ordinance (Cap. 587). The CIC consists of a chairman and 24 members representing various sectors of the industry including employers, professionals, academics, contractors, workers, independent persons and Government officials.

The main functions of the CIC are to forge consensus on long-term strategic issues, convey the industry's needs and aspirations to the Government, provide professional training and registration services, and serve as a communication channel between the Government and the construction industry.

Please visit www.cic.hk for further details.
